Elquin said that Chris Crocker said that the LPA basic training is available online. She added that she has the county BRO balance sheets if anyone would like one. She said that there is a right-of-way training August 9-11, and it would be good to attend if anyone has a BRO project.

Trent said that today the goal is to identify the top five priorities in your county. There is a road and bridge list and a multimodal list. There is a list for each county. The goal is to try to fill out both sheets. He said that he will share the list with MoDOT, and the prioritization will take place in August.
